

Enclosures for Cove Lighting

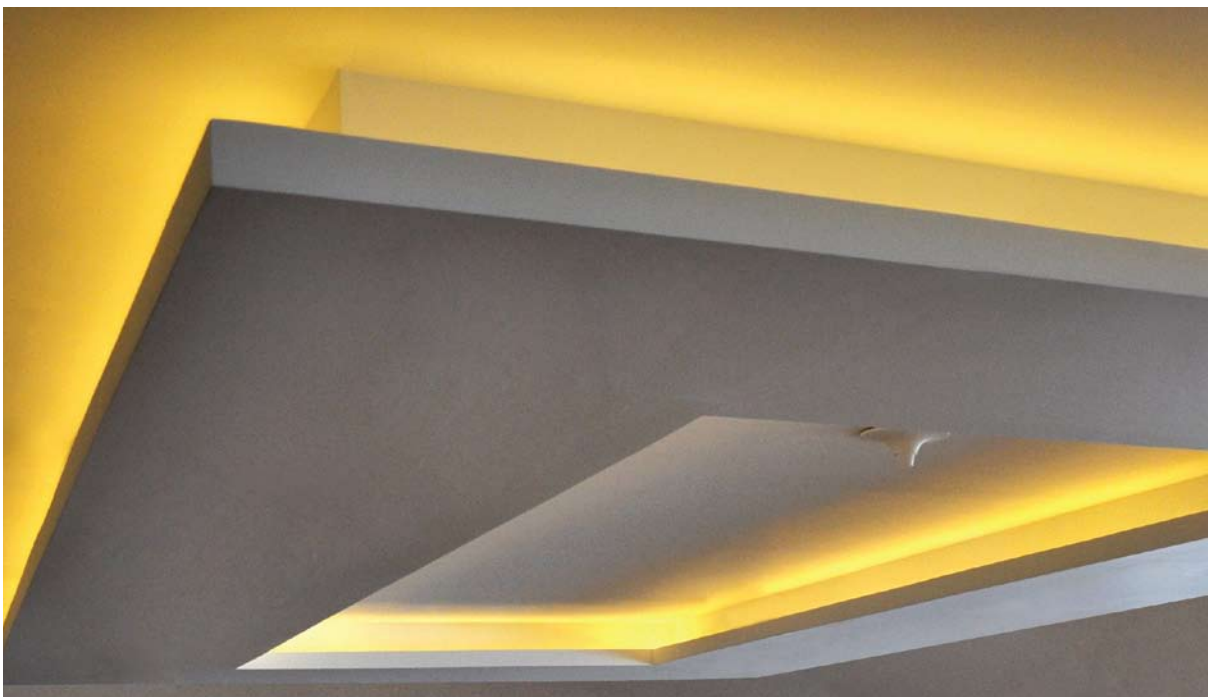

Manufactured with a durable extruded aluminium base and clear or frosted polycarbonate diffuser, the **GenLED** enclosure is designed to elegantly enclose **GenLED** cove lighting products. The enclosure is designed to mount **TUFFRAYZ**, **TUFFRAYZ JR**, **THINRAYZ** and **THINRAYZ XTRA** products.

The enclosure is available in standard lengths of 2m and can be easily field cut during installation to match the exact site requirements. Shorter custom lengths can be supplied upon request.
