

MR16 POWER2

MR16 POWER2 by GenLED Lighting is the new generation powerful 10W LED lamp with an exceptionally high performance. This lamp features a bold aesthetic design and innovative technology that offer an attractive and efficient alternate to the traditional halogen lamps. These lamps are precisely engineered and manufactured with state of the art technologies and materials. Specially designed lens creates the sparkle and the light output that is close to 50W halogen lamps.

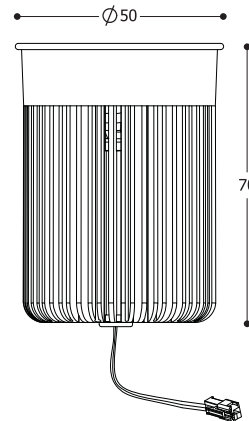

MR16 POWER2 dimmable version can be dimmed 10-100%.
Recommended for use in open, vented applications.
